This sponsor provided funds so this student had a very worthwhile hands-on environmental education experience and enjoyed camping, canoeing and other outdoor activities, all expertly put together to make a really great week!

We sincerely urge the sponsor and camper, together, make arrangements for the camper to visit the sponsoring organization. It is a great way for the camper to say thank you and to tell the story of their camp week. It can also be arranged to have any camp officer attend your organization's meeting at the same time by contacting the Director below. During camp we asked all campers to take time to write a note of thanks to the sponsor for supporting the camp. We have mailed the original to the organization and a copy to the camper. Without the funds these organizations and individuals provide camp would not be possible.
