COCKPIT CORNER – by Brian Sherman, did4ways@aol.com

I thank everyone who helped make the 2014 BFMS Fun Fly and Swap Meet a success. The turnout of club members, friends and park visitors was excellent. Thanks to the Bier's, the field and parking areas were in great shape. The shaded area under both big trees provided cool respite from the sunshine and a place to enjoy the cold beverages and snacks contributed by the club members.

Devin, the new park manager, stopped by to check out the event and talk about his vision for the park and ways in which the BFMS and BSP could work together to expand the opportunities to attract new members to the club and to make the park beaches less attractive to the expanding geese population that regularly use the beaches for nesting and the attendant feces issues impacting the park visitors. Devin will be working with the club officers to promote the upcoming National Aviation Day/Wounded Warriors Project fund raiser.

The "Regulars" – Setting up the swap area.

Joel's Flying Machines – Snoopy is Belted in and ready to fly!

Dennis, wife and the grand kids.

Come join us for the July meeting and bring your planes!

Until next time keep the cockpit up and be safe.

Hats For Sale

Scott Voth is the person to see if you are interested in a new club hat. The cost is \$10.00, the price the club paid to have them produced by Valley Athletic Supply Co. of Lansford.

The two styles were decided upon by the members present at an earlier meeting this Summer.

Get your new hat at the next meeting. If you are like me, it is time for a new one because the old hat is sweat stained, and the “oil needs changing.” Scott now has plenty to sell since he picked up the new order.

Club order is ready for pick up!

The shirts you ordered are ready to be picked up. They arrived in a timely manner as promised by the Academy of Model Aeronautics.

They will be available at the next meeting, Saturday, July 12, 2014. See you at the field.
