COCKPIT CORNER – by Brian Sherman, did4ways@aol.com

It's hard to believe it's June already and all I've done is fly a couple of drones at the field. I don't know where the time has gone. Some might say that old age is creeping but I like to think it has been the lack of nice weather. That's my excuse and I am sticking to it.

The good news is that the 2G version of the Sukhoi will be ready to take the field this weekend. If all the ground checks prove out and the engine starts, I'll even fly it in preparation for July's Fun Fly. ☺

Speaking of which I'd like to thank Ron and Kathy for picking the flyers and posting them at popular spots around the towns. I will bring more to the meeting for those that can help in the distribution.

The field is looking good thanks to Bob and the park mowed all the high stuff around the runways. I think the comfort facility has been serviced too. So come out and get those planes in the air!

See you at Saturday's meeting!

Until next time keep the cockpit up and be safe.

Any questions or comments
